Learn without a cent of cost what a wonderful tonic Lyko is — learn how it puts vigor into "run-down" people—young or old—how it brings renewed energy to those who begin to feel the weight of years—how it brings back strength to those suffering from the effects of worry, ill-health or other causes.

To prove all this—we offer to let you try it free. One trial will tell you more than all the claims we could make. Hence this offer to let you see for yourself what Lyko will do for you. You can't know until you actually do try it.

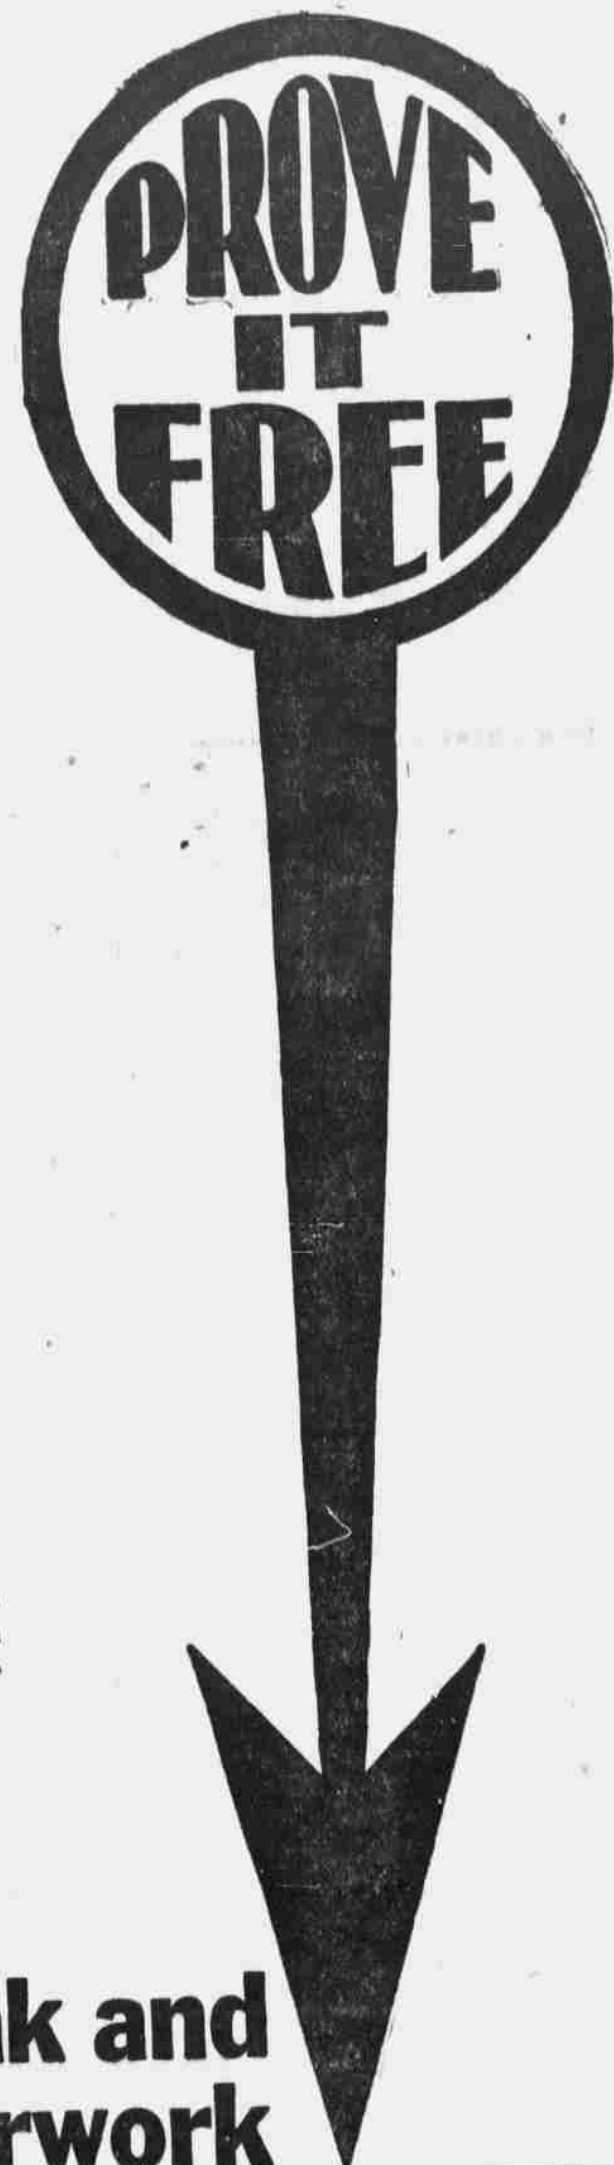

If you have seen your activity diminishing, if you have little enthusiasm for work or sport, if you are nervous, listless or irritable, if you lack appetite, if you do not sleep well, if you don't feel normal in any way, just get this free sample of Lyko and find how quickly it gives you renewed spirits, the sense of strength, and the feeling of power to resist illness and that "run-down" condition.

You will find that Lyko works its marvels just by aiding Nature. It helps digestion, puts the liver and kidneys in normal condition, regulates the bowels, makes every function work freely and naturally.

Stop worrying about your condition—banish dread. "Pick up" again. Put new vitality into those jaded nerves and muscles. Any druggist will give you the free trial bottle of Lyko. Then decide about it—not from what we say—but from the beneficial effects you will get from this wonderful tonic.

To Druggists:

You are authorized to give the free trial bottle of Lyko to anyone who requests it.
